

## **The Wedding Album**

This document will walk you through all the details of finalizing and ordering your wedding album.

Our goal is to tell the story of your big day and include all of the important moments, traditions, and group photos as they occurred. Our design team picks the design and album format that best suits your photos and adheres to a 2.5 (or less) pictures-per-page rule so that the album remains consistent, uncluttered, shows sequences and some full-page and panorama images to add emphasis.

This album is what we consider a first draft. The photos go through final retouching *after* you approve the final design - the basic retouching is included in the album investment prices. If you require extensive airbrushing to certain images, additional charges may apply.

If you wish to order the design as-is before June 24, 2008 (with up to 10 photo switches) we can offer a 10% discount off the total purchase of Premium Leather Albums as noted in the pages below.

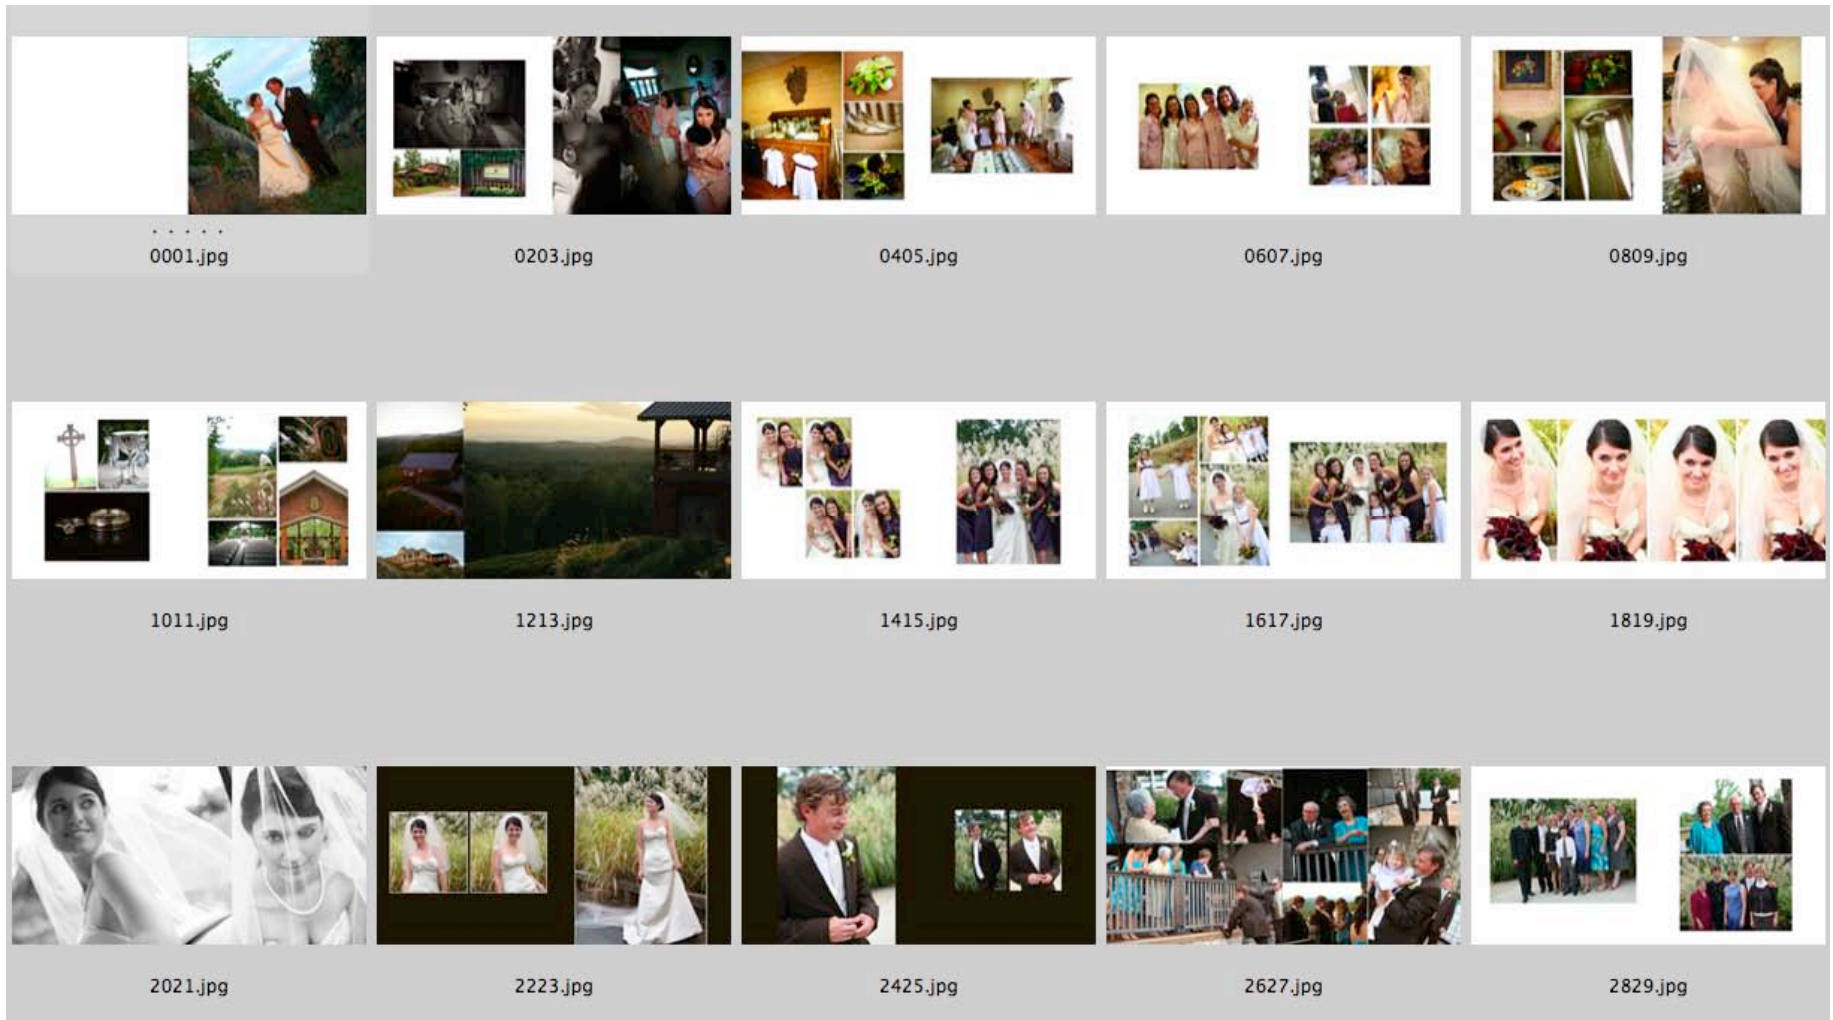

We offer mini-album duplicates - great for family and friends - at discount with the purchase of any main album. Please see the separate PDF on these options and payment options.

We suggest going through this document in its entirety then marking your preferences and any changes. You can email it back to [design@lianalehman.com](mailto:design@lianalehman.com), fax it to 678-623-3961, or mail the document to Liana Photography, 1505 Justine Way SE, Mableton, GA 30126. We will send you a confirmation of your order, payment processing information if applicable, and a link to the final draft for approval before the final order is placed. Albums generally take six to ten weeks in production once the final draft is approved and we will take care of the delivery or shipping.

We look forward to creating a piece of art that you will be able to share with friends and family for decades to come!
