Your wedding day

A celebration of love and hope.

Loved ones gathered in your honor to share in your story.

Exquisite details, hand-picked, lace the day.

Every moment, every laugh, every tear defines the moments that will last a lifetime.

How will your day be remembered?

Complete Coverage with Two Photographers

In order to provide you with the level of detail and coverage on your wedding day inherent to the photojournalistic style, we recommend two photographers to cover your wedding.

You and your loved ones will be able to enjoy reliving the moments as they occurred, in full detail. We are delighted that this arrangement allows us to also share with you the moments you might not have been present for – like your beloved getting ready, the expression on your friends and family's faces during the ceremony, kids playing under the tables, and all of the perfect details that make up your big day.

Your day is unlike any other; your photography should be too!

Guaranteed Packages

Liana Photography has partnered with Pictage - the nation's leading online lab - to offer you Pictage Guaranteed Packages (PGP). PGP is a revolutionary service that allows you to secure your investment via major credit card in installments and takes all of the risk out of getting perfect wedding photographs. We are so confident that you will love your photos that we'll refund every penny if you aren't happy with the photographs.

We're here to help

The next few weeks and months are going to be some of the most exhilarating and busy times - preparing for your new life and all of the magnificent details for your big day. We understand how stressful this time can be and are here to make it easier for you. We offer value-add packages with flexible print credit for you to use later so that are getting *exactly* what you would like.

Engagement Photography

Engagement Session & Extended Engagement Session

Your engagement photos will not only document who you are as individuals but will also tell a story of the special bond and the love that you and your fiancé share. We offer two different sessions. Both sessions include photography with Liana, limited post-production editing, proofs on Pictage, and two 8x10" prints or one 11x14" print of choice. Fine art cards are also available and make gorgeous, elegant save-the-date and thank you cards.

The standard session includes 45 minutes lifestyle documentary portraits on-location. The location is your choice; perhaps a place that has special meaning to you and your fiancé or simply somewhere you go often and are comfortable with. Our extended engagement session lasts 2 to 3 hours and allows us to photograph you in a variety of different locations. Consider it a date with your fiancé – and your new photographer friend just happens to be along!

Bridal Photography

Bridal Session & High Fashion Bridal Session

You've got the dress of your dreams and an exciting jam-packed wedding ahead of you. Putting aside time for capturing you in all your beauty well ahead of your big day will enable you to fully enjoy both your bridal session and wedding day even more! Both sessions include photography with Liana, limited post-production editing, proofs on Pictage, and two 8x10" prints or one 11x14" print of choice

If you're having your hair and makeup done, this is a wonderful opportunity to schedule time for a practice round and have your photographs taken at the same time. The standard session includes 45 minutes of photography on-location. We have an assistant available to ensure your dress is kept in tip-top shape.

Furthermore, we are excited to announce our High Fashion Bridal Session, a half-day full of pampering and beauty! We provide the hair, makeup, and fashion stylists and will take pictures at as many different locations as time allows. Essentially, this day is ALL about you and making you look and feel like a million dollars. Surprise your new husband with these gorgeous photographs of you as a gift on your wedding night!
